EASY2FIT®: INNOVATIVE EXHAUST SYSTEMS

FAURECIA PARTNERED WITH HELLA

FORVIA – FAURECIA AND HELLA JOIN FORCES

FORVIA was created through the integration of HELLA and Faurecia and now operates as the world's number 7 automotive supplier.

FORVIA focuses on technology, innovation and customer satisfaction and concentrates on high-growth areas that are geared towards the megatrends of the automotive industry.

IMPORTANT: In addition to the familiar, comprehensive HELLA product portfolio, Faurecia product lines can now also be purchased from HELLA via the retail organisation – with all the advantages that HELLA has to offer as a partner.
The HELLA brands (HELLA, HELLA PAGID, HELLA GUTMANN and HELLA VALUEFIT) will be retained.

Easy2Fit® – First result of the partnership for the independent aftermarket

FORVIA faurecia

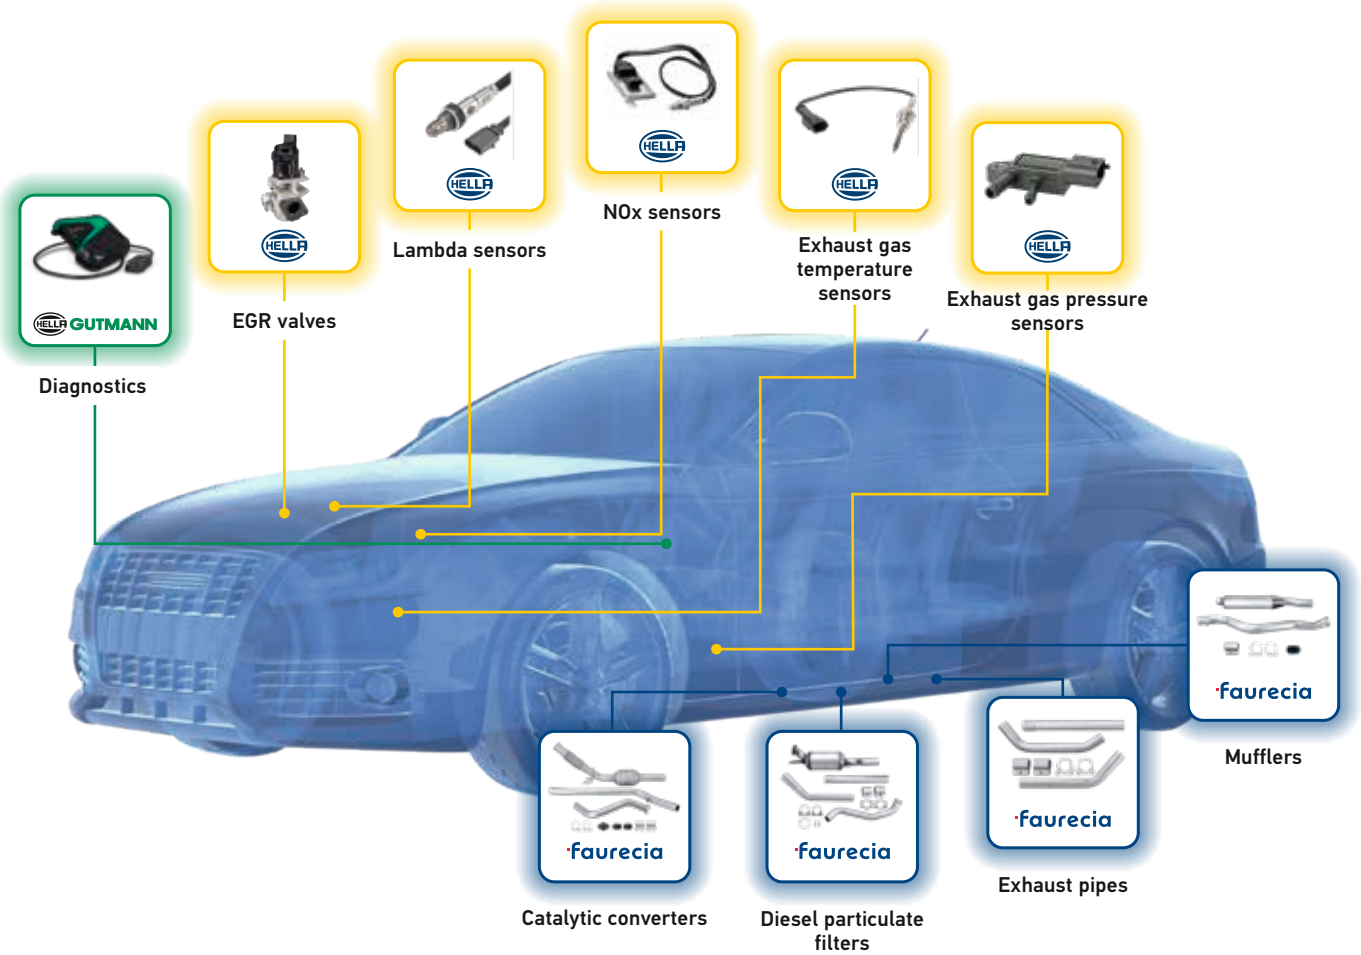
Decades of experience in original equipment ensure competence in the field of exhaust systems

Easy2Fit®

FORVIA HELLA

Transferring OE expertise has resulted in a product line that meets the demanding requirements of the independent workshop

Complete chain of OE expertise in the field of exhaust systems



ADVANTAGES FOR THE WORKSHOP WITH EASY2FIT® KITS

Original equipment competence for the IAM

EXHAUST PIPE KIT

*Versions of diesel particulate filter KIT: 1. Silicon carbide for short and long-distance operation. 2. Cordierite for predominantly long-distance operations.

FORVIA as a strong partner for independent workshops

The Easy2Fit® KITs meet all quality standards of the OE industry with regard to vibrations, heat stability, leakage, noise development and durability. The tests are carried out at the Faurecia Test Centre in Bavans, France and are certified to EN ISO 1400 as well as IATF 16949, including DIN EN ISO 9001:2015.

Advantages for you

All-in-one:
Complete exhaust system kit with modular technology and all the mounting accessories.

Quick order:
Products, including all parts and accessories, can be identified easily with just a part number.

Efficient repairs:
The modular and intelligently designed exhaust systems make repairs extremely simple.

One-man job:
They can be installed by just one mechanic.

Packaging safety:
Highly reinforced cardboard boxes ensure delivery without damage.

No danger of confusion:
Fully prepared TecDoc data ensure that parts are identified optimally and without errors.

Always correctly assigned:
Distinctions based on the user profile provide a quick decision-making aid.

Familiar system:
Vehicle uses are based on OE catalogues.

Everything you need to know:
All the important product information can be found in the HELLA Tech World.
