

Modular Lightbar

In addition to its long-range warning function, the modular roof bar offers further additional functions by means of a flashing amber signal and impresses with its modern and flat design, its low height of only 52 mm and its three control variants.

Program overview

Part number	Number of centre modules	Homologation	Length in cm	Mounting	Connectivity Roof bar	Control unit	Alley Lights
2RL 014 567-071	2	ECE	60.9	Bolted or with brackets			No

2RL 014 607-071			Yes				

Overview of the centre modules

2 centre modules | length 60.9 cm

5 centre modules | length 106.7 cm

6 centre modules | length 121.9 cm

8 centre modules | length 152.4 cm

9 centre modules | length 167.6 cm

10 centre modules | length 182.8 cm

Legend

- Black cover
- Amber warning light
- Alley Light
- Tail-stop-direction indicator module
- "Take down" work light

Spare Parts

Want to upgrade? The individual modules are also available as spare parts so that, if they get damaged, they can be swapped without having to replace the entire roof bar. Modules with customised lettering are also available on request.

- Amber warning light (part no. 2XD 863 556-001)
- "Take down" work light (part no. 2XD 863 556-101)
- Tail-stop-direction indicator module (part no. 2XD 863 556-201)
- Black cover (part no. 2XX 863 556-301)
