NEW RELEASE

P/N 2XD 958 130-661
LED warning light RokLUME S700 RED
Optic appears clear until illuminated

- **Projects a wide red marking on the ground**
- **Increases safety by indicating danger and hazard zones**
- **Low power consumption of less than 25W**
- **Fully sealed against dust and moisture**

1.9m x 0.15m Beam
1000 to 2000 lux.

All dimensions in mm.

Mounting brackets can be positioned to suit most vehicle installations.

LED WARNING LIGHT ROKLUME S700 RED

To improve operational safety, HELLA has developed the VISIOTECH projection technology, which facilitates communication by using light. Especially for mining, HELLA has designed the LED warning light RokLUME S700 RED, with this technology. It projects a wide red marking on the ground, to optically mark or demark danger and hazard zones in order to warn and protect the surrounding area in good time. Thanks to its powerful light output, the warning light can also be used on vehicles with high mounting positions and is therefore particularly suitable for mining vehicles.

Providing unmatched corrosion resistance due to an innovative thermally conductive polymer housing and the toughness of a UV, chemical and impact resistant Grilamid lens, the RokLUME S700 RED is the natural choice when exceptional durability and long-term reliability in demanding environments is needed.

The LED warning light RokLUME S700 RED also features Multivolt circuitry, making it suitable for 12V or 24V DC systems. In addition, it is completely sealed against dust and moisture.

Part Number	2XD 958 130-661	RED
Mounting	Upright or pendant	
Voltage	Multivolt for optimum brightness at input voltages from 9 to 33 volts	
Power Consumption	25W	
Protection	Reverse polarity and transient spike protection IP 6K7 (Protection against dust and temporary water immersion) IP 6K9K (Protection against dust and high-pressure/steam jet cleaning)	
Cable Length	Pre-wired with 2.5m of tinned multi-core cable	
Lens Material	Grilamid	
Accessories	8HG 958 128-811 HD double mount stainless steel feet (one pair)	
Compliance	ECE R10
