

BRIEF INFORMATION

Compact Horn Set: Power packed in a small size

- Full-form oscillator design for optimal sound projection
- Compact and space-saving
- High performance-to-size ratio

Value Range

PRODUCT FEATURES

- The light-weight HELLA Compact disc horn consumes less power, yet delivers a focused, far-reaching sound for highway driving.
- Though small at 77mm in diameter, it delivers a sound pressure level of 111dB(A).
- Locking nut that firmly secures the bracket to the main body and ensures that the optimal factory sound setting is not easily tampered with.
- Well-designed tubular vent and filter makes is highly resistant against water spray.
- Powder-coated corrosion-resistant surface.

PRODUCT SPECIFICATIONS

Power consumption	2 x 48W
Frequency	420Hz (high tone) 350Hz (low tone)
Acoustic pressure level at 2m (dual tone)	111dB(A)
Nominal voltage	12V
Certification	ECE (1)
Part number	3AM 011 225 -801

Choose from a wide selection of HELLA horns, each offers a different tone to suit your needs. This ranges from the rich tone of the disc horns, to the harmonious tone of the trumpet horns and the powerful blast of the super tone horns.
