

3RD EDITION ADR REFERENCE GUIDE

The following pages are a guide to mounting HELLA lamps in compliance with the Australian Design Rules (ADR). The diagrams in this section are intended as a general guide only, for exact mounting specifications please refer to ADR 13/00.

A quick reference

1. Find the product that fulfils your illumination requirement.

2. Check for the ADR symbol next to the part number to ensure it's compliance.

HELLA Part No.	Engineering Drawing No.	A.S.S. No.	Function
2590	001386-20	48/00	Number Plate Lamp
2591	001386-29	48/00	Number Plate Lamp
2593	191049-07	48/00	Number Plate Lamp
2594	190721-00	48/00	Number Plate Lamp
2595	001386-00	48/00	Number Plate Lamp

3. Look up the part number on the chart in this section for complete ADR information.

Simpler ADR Compliance

The 3rd edition ADR covers all vehicles and trailers, even those not subject to registration requirements such as very light trailers or 'box' trailers.

To simplify the ADR approval process for smaller manufacturers and individual home-builders, HELLA has made a consolidated Summary

of Evidence (SE) submission to the Federal Office of Road Safety (FORS). This submission covers all HELLA products that comply with 3rd Edition ADRs.

This catalogue lists both the HELLA and FORS Component Registration Numbers (CRN) beside each item in a quick reference ADR application

chart in this section.

HELLA provides specific ADR related lamp orientation and mounting requirements to enable customers requiring ADR compliance to simply quote the relevant CRN to the authorities (who maintain a central register), rather than undertake detailed SE submissions for each lamp function.
