## Handy rechargeable work light

MINIFORM is a compact USB-C rechargeable LED handlamp for the professional user.

Designed to perform consistently in tough work environments, MINIFORM is durable and resistant to water and dust (IP65). It features a built-in magnet and hook for flexible positioning and a clip for convenient carrying in the belt. The handy size and shape of the lamp ensures a comfortable, ergonomic grip, making it easy to carry in your pocket and always within reach when needed.

Powered by a high efficiency multi-LED design of 20 LEDs, MINIFORM offers an adjustable light output up to 200 lumen. The top light provides a focused beam of 120 lumen – ideal when you need a concentrated light source for various inspection tasks. In addition, a user-friendly battery indicator keeps you informed about the battery level.

The OPTILight setting delivers the required illuminance (LUX) in a typical work situation, ensuring optimized light and runtime with a simple touch. This work light provides a constant lumen output performance measured according to the European standard EN 13032-1.
