

PRODUCT INFORMATION

LIGHT COMMERCIAL RANGE

The HELLA Light Commercial range has been designed to leverage OE Brake competence with unique market experience to provide the best possible brake combination for your customers light commercial vehicles. Starting with increased stopping power from European produced pads and finishing off with High Carbon rotors to dissipate heat to allow optimum braking and increased longevity.

- **European stopping power** for light commercial applications due to high weight and an LCV's top-speed of ~105-110 miles on the German "Autobahn"
- **High Carbon Rotors** Designed to absorb and dissipate heat more effectively then iron rotors
- European Wear Sensor Program
- Heavy Duty Police and Taxi Pads
- **OE quality**
