DISC BRAKE CALIPERS

RANGE, FEATURES AND BENEFITS

When it comes to brake calipers, we live up to these expectations by currently offering a line of over 352 new parts with one, two and four-piston arrangements. All components receive anti-corrosion protection and, if required, are supplied with the required accessories (plug and play).

Features & Benefits:

- All products undergo a 100% final inspection after production is complete
- Core-free new parts: Easy handling thanks to dispensing with core deposit processing, No capital tied up with core deposits, More warehouse capacities.
- Initial product range: top 140 brake calipers.
- Premium accessory kit.

Quality:

- 100 % end-of-line inspection
- 100 % pressure test
- 100 % handbrake functionality test
- Traceability
- Surface treatment for cast calipers
- Audited processes

KNOW-HOW

Repairing brake calipers requires a professional and precise approach to ensure that full operative functionality is restored to the repaired brake system.

Installation Tips

Preparing the brake caliper anchor bracket for assembly

The recommended way to do this is to remove the anchor bracket and clamp it in a vice.

- Clean the anchor bracket with brake cleaner
- Carefully remove any corrosion on the guide surfaces using a wire brush or file

Clean and check the guide screws

- Check the threads
- Damaged screws must be replaced

After cleaning, grease the contact surfaces of the guide screws with a thin coating of grease. Use only a silicone based grease in this area.

Installing the brake caliper anchor bracket

- Insert screws and tighten
- Observe the tightening torque!

Finally, apply a thin coating of non-conductive, non-metallic anti-squeal paste to the clean contact faces of the caliper anchor bracket.

Mounting the brake caliper

- Mount the brake caliper and fasten with the guide screws.
- Reattach the brake hose and wear indicator cable in the combination holder
- Insert the retaining spring

Note:

Observe tightening torque!

Warning: The dust protection boot of the brake piston, the safety plugs and damping sleeves of the caliper guide must not come into contact with oils or greases based on mineral oil. They could be damaged due to swelling of the elastomers. The schematic illustrations, pictures and descriptions are for explanation and presentation of the document text only, and cannot be used as the basis for carrying out the repair. Repair work to brake systems may only be carried out by qualified specialists.

CONFIDENT WHEN IT COMES TO SAFETY

DISC BRAKE CALIPERS ALWAYS UNDER PRESSURE

Brake are what we do. Customers therefore expect HELLA to offer a range of products that cover all the bases. When it comes to brake calipers, we live up to these expectations.

All components receive anti-corrosion protection and, if required, are supplied with the required accessories (plug and play). Each year, we expand our portfolio to include up to 140 new products. HELLA BRAKES therefore caters to the ongoing further development of the market and the continually changing needs and requirements of our customers.

- Cast iron calipers receive a premium surface treatment to help extend component life
- Premium Accessories: grease + kits with guide bolts & rubber parts
- Salt spray tests of every batch: Calipers, Pistons and Guide Pins
- Over 95% equipped with accessories that suit the specific brake system: No separate accessories needed
- Continuous new releases covering the most popular applications

THE BRAKES SHINE IN A NEW LIGHT!

Discover the performance of HELLA Brakes

In the ever-evolving world of automotive expertise, it is crucial to find a partner who consistently drives the success of your repair shop. HELLA, a name synonymous with pioneering technology and unrivaled quality in the automotive industry, proudly presents its comprehensive range of braking solutions. With HELLA brakes, we bring the essence of high-quality products, innovative solutions, and the demand for flexibility and reliability directly to the front door of your repair shop.

Premium quality you can trust

HELLA brakes are characterized in the market by uncompromising quality and performance, reflecting the esteemed standards, quality, and articles of the former joint venture. Our commitment to maintaining the highest quality ensures that every component, from brake pads to hydraulics, meets the strict requirements of premium quality specifications. This pursuit of excellence means that repair shops can confidently provide a first-class service, safe in the knowledge that they are fitting parts designed for long life and optimal performance in all driving conditions.

Extensive range for every need

As a full-range supplier of brake components, HELLA recognises the importance of a holistic approach to vehicle maintenance. We cover all items relating to a vehicle's braking system and ensure that garages have access to a complete range of products for all the maintenance work they carry out. From wear parts and brake hydraulics to state-of-the-art brake electronics, our portfolio is carefully tailored to the needs of all vehicles, including in the growing field of e-mobility. Thanks to our fast-to-market approach, everything is ensured in the shortest possible time, which makes us the benchmark for long life and performance in all driving conditions.

Highest level of expertise in brake electronics

The combination of HELLA OE expertise in the field of automotive brake electronics with the high-quality brake wear parts and hydraulics range positions us uniquely in the market. Our advanced braking solutions are not just about parts; they embody a fusion of cutting-edge technology and mechanical excellence.

Leading the way in e-mobility

As the automotive industry shifts towards electric and hybrid vehicles, HELLA is leading the way in providing future-oriented braking solutions with high coverage. Our products are designed to meet the requirements of e-mobility and ensure that repair shops are prepared for servicing the next generation of vehicles. At HELLA, future orientation does not mean waiting for the future; it means being optimally equipped for today's challenges.

Unrivaled availability and flexibility

Understanding the needs of repair shops goes beyond the provision of high-quality parts. HELLA ensures high availability and flexible logistics solutions to keep your operations running smoothly. Our efficient distribution network ensures that the parts you need are always readily available, minimizing downtime and enhancing your service capabilities. At HELLA, flexibility and reliability go hand in hand, offering you the support you need, whenever you need it.

Opt for HELLA Brake Systems: The friend for the success of your Repair Shop

Benefit from the power of first-class quality, a comprehensive range, and state-of-the-art innovation with HELLA brakes. Our pursuit of excellence, coupled with a deep understanding of the automotive landscape, including the emerging field of e-mobility, makes us the ideal friend for garages that want to succeed. Rely on HELLA for flexible and reliable solutions that give you the edge in the fast-paced world of automotive repair.
