

BRIEF INFORMATION

Ultratech Wiper

- Premium quality with streak-free silicon
- Smart 11-in-1 adapter system
- Extreme weather resistance

PRODUCT FEATURES

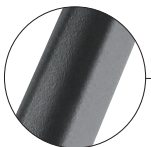

Symmetrical design with aerodynamic spoiler, one wiper for LHD & RHD

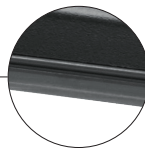

High demands require high-performance materials – that's why Hella's ultratech wiper blades are made from a premium silicone compound. This ensures that water and ice are reliably repelled, even in the toughest conditions, keeping visibility clear in every season. The aerodynamic design provides maximum contact with the windshield for a smooth, streak-free wipe. The flexible silicone maintains its elasticity even in freezing temperatures, reducing both streaking and noise. And with a versatile adapter included, installation is quick and effortless.

11-in-1 adapter system for a high application rate

Stainless steel flexor ensures uniform pressure

Silicone blades last 3 x longer than typical rubber blades

High quality silicone blades glide smoothly even in extreme temperature conditions, resulting in less noise and streak-free wiping
