

HELLA BRAKE SYSTEMS

OE HERITAGE MEETS AFTERMARKET INNOVATION

HELLA offers a comprehensive range of brake products - with excellent technology to meet the highest demands

OUTSTANDING OE QUALITY, FITMENT AND PERFORMANCE ALL IN ONE

BRAKE PADS

LOW-MET
SEMI-METALLIC
CERAMIC PADS

BRAKE DISC ROTORS

HIGH CARBON
2-PIECE ROTORS

BRAKE DRUMS BRAKE SHOES

**BRAKE CALIPERS
WEAR SENSORS
BRAKE CLEANERS
BRAKE FLUID**

Vehicle Specific
Application:

BRAKE SYSTEMS

BRAKE SYSTEMS

Consistent premium quality, successful range extensions and high market coverage – all combined under the strong brand HELLA!

- 100% of product development, design and approval in-house – “Engineered in Germany”
- Transfer of OE competency and heritage from HELLA to the independent aftermarket
- Comprehensive testing done in our in-house corporate research and development centers
- Finger on the pulse – due to close collaboration with renowned OEMs, we detect trends early

PRODUCT RANGE

BRAKE PAD SETS			BRAKE ROTORS		CALIPERS	WEAR SENSORS
LOW-MET	CERAMIC	SEMI-METALLIC	INTEGRAL (1-PIECE)	COMPOSITE (2-PIECE)	NEW - CORE FREE	PRECISION
						
<ul style="list-style-type: none"> ■ US Domestic, European & Asian Applications ■ Low metallic, <25% steel content ■ High performance material ■ 110 Friction compounds ■ Excellent fade stability ■ Very good pedal feeling ■ Very good mechanical material strength ■ Excellent corrosion clean ability ■ Very good heat dissipation ■ Asbestos & copper free ■ ECE-R90 compliant ■ Premium accessories ■ Designed & engineered in Europe 	<ul style="list-style-type: none"> ■ US Domestic & Asian applications ■ NAO high comfort material ■ 0% Steel content ■ Excellent pad/disc life ■ Low dust ■ Low noise level ■ Premium accessories ■ Asbestos and copper free 	<ul style="list-style-type: none"> ■ North American 4x4s, LCVs and Sport Cars ■ Long life material ■ >50% Steel content ■ Greater stopping power ■ Low dust ■ Good mechanical strength ■ Low vibration ■ High durability ■ Premium accessories ■ Asbestos and copper free 	<ul style="list-style-type: none"> ■ Full range is High Carbon (GG15 & GG20) ■ 100% premium zinc coating corrosion prevention ■ Increased carbon content ■ Better mechanical properties ■ Less fading ■ Reduced braking noise ■ Reduced machining tolerances ■ Higher driving comfort ■ No degreasing before fitting ■ Fixing screws included if required 	<ul style="list-style-type: none"> ■ Same benefits as Integral Rotors, plus... ■ Reduction of unsprung masses* ■ Better handling/driving comfort. ■ Weight reduction of up to 20% ■ Increased fuel efficiency ■ Increased thermal conductivity of rivet design and high carbon material ■ Less fading, vibration, and run-out 	<ul style="list-style-type: none"> ■ Expanded coverage across a wide range of European, Asian and Domestic applications. ■ New Core Free Brake Calipers with brackets ■ Premium surface treatment for cast iron calipers. ■ Premium Accessories ■ Salt spray tests of every batch ■ Over 95% equipped with accessories that suit the specific brake system 	<ul style="list-style-type: none"> ■ Injection Molded for durability and quality ■ Excellent thermal insulation ■ Highly resistant to heat ■ 100% made in Europe ■ OE manufacturer ■ 240+ wear sensors ■ 90% European coverage

WE ALSO OFFER...

- Brake Hoses
- Brake and Clutch Cables
- Wheel Brake Cylinders
- Brake Master Cylinders
- Premium Brake Fluid
- Brake Cleaner
- Mounting Paste
