

## HELLA Replaces the Supplier of Electric Pumps for Recalled FAW BESTUNE B30EV Vehicles

- HELLA will implement its electric vacuum pump UP5.0, to replace the incumbent supplier for their defective electronic vacuum pump products of the recalled FAW BESTUNE B30EV vehicles
- FAW expressed its appreciation for HELLA's excellent support on replacing the pumps

HELLA will serve as the replacement supplier for the recalled vehicles of FAW BESTUNE with the independent vacuum pump UP5.0. FAW Car Co., Ltd. recently recalled 5,280 units of 2019 BESTUNE B30 EV400 vehicles manufactured between December 13, 2019 and March 19, 2020, in accordance with Regulation on the Administration of Recall of Defective Auto Products and the Implementation Measures of Regulation on the Administration of Recall of Defective Auto Products in China. The electronic vacuum pumps in the recalled vehicles have manufacturing defects and safety concerns. The independent vacuum pump UP5.0 from HELLA, which will replace the product solution of the previous supplier, is characterized by innovative product design, excellent product quality and reliable performance. It can help new energy vehicles, such as electric vehicles, hybrid vehicles, electric sightseeing vehicles, electric track vehicles, effectively improve the braking performance of the vehicle.

"Thanks to HELLA for providing electric vacuum pump products for the recalled vehicles, as well as for its fast response and excellent support", says the relevant responsible person from FAW Car Co., Ltd. "Nominating HELLA as the replacement supplier is based on our great collaboration and its quality products."

With years of product experience and worldwide business, HELLA as always been a global leader in the field of electronic vacuum pumps. To meet the diverse needs of automobile manufacturers, HELLA's electronic vacuum pump products range from low power to high power applications, offering the best quality and best cost solutions for your vehicle applications.
