HELLA – BHL Deutschlandkonferenz April 2016

Agenda

HELLA's Strategic Growth Path

Financial Overview FY 2011/12 - FY 2014/15

Results 9 months FY 15/16

How will HELLA's growth path continue?

Above market growth in the last 10 years

HELLA Group sales, EURbn*

Investors and analysts comments

"...we understood your historical growth, how can we **assess your future sales development?**..."

"...outperformance has been 50% in the past, at a market growth of 2-3% in the upcoming years, is that maybe too **conservative for the future?**..."

"...investors are still hesitating about your **future growth rates**, whereas they have **no concerns with high growth rates of your competitors?**..."

*Sales as reported w/o adjustments for consolidation or accounting changes

HELLA's automotive segments are growing stronger than the market

HELLA's positioning for future growth

HELLA in market leadership positions¹

Automotive Lighting

1 market position in LED headlamps Europe

3-4 global market position in OE passenger car lighting

#1-2 European market position in OE passenger car lighting

Automotive Electronics

2-3 global position in defined automotive electronic segments

1-2 European position

Source: External market study commissioned by HELLA (2014), HELLA analysis
*expected 5-years CAGR

1) All figures related to selected markets and product categories based on HELLA's portfolio, as covered in the market study

Strong market demand for energy efficiency driven by legislative requirements

Global emission regulations in CO2 (g/km) per NEDC

Allocation of powertrain technologies in mill. vehicles

Source: IHS, Strategy Analytics

Reduction of energy consumption and emissions

Continuing **trend towards energy efficiency gains driven by global emission regulations**

Ambitious emission targets across all regions

Future powertrain concepts to be dominated by internal combustion engines with start/stop

Initiatives like down-sizing and turbo-charging prevail, but growing focus on Hybrid technology

Further efficiency gains drive **growth of new technologies** (i.e. 12V/48V dual-voltage systems)

HELLA's segments show healthy growth due to an **ongoing trend towards sophisticated applications and innovation**

Market demand for automated driving expected to experience strong growth in the coming years

Levels of autonomous driving

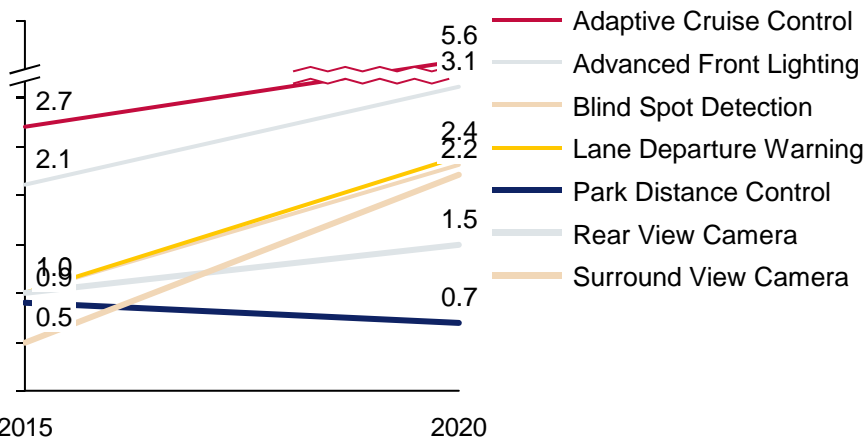

Gradual transition from Driver to Vehicle

Acceptance of automated driving functions determined by reliable, proven safety features

Fundamental change in consumer value for individual mobility

Supplier gain **increasing share in value chain** – need and frequency for innovations lead to more outsourcing by OEMs

Growth of driver assistance technologies in bn USD

2015 2020
Source: NHTSA, Strategy Analytics, HELLA analysis

New technologies' demand increasing

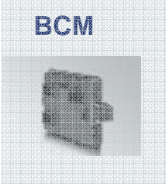

Existing driver assistance functions are key enablers for automated driving

New functional requirements facilitate growth of new technologies (i.e. Front/Side Detection)

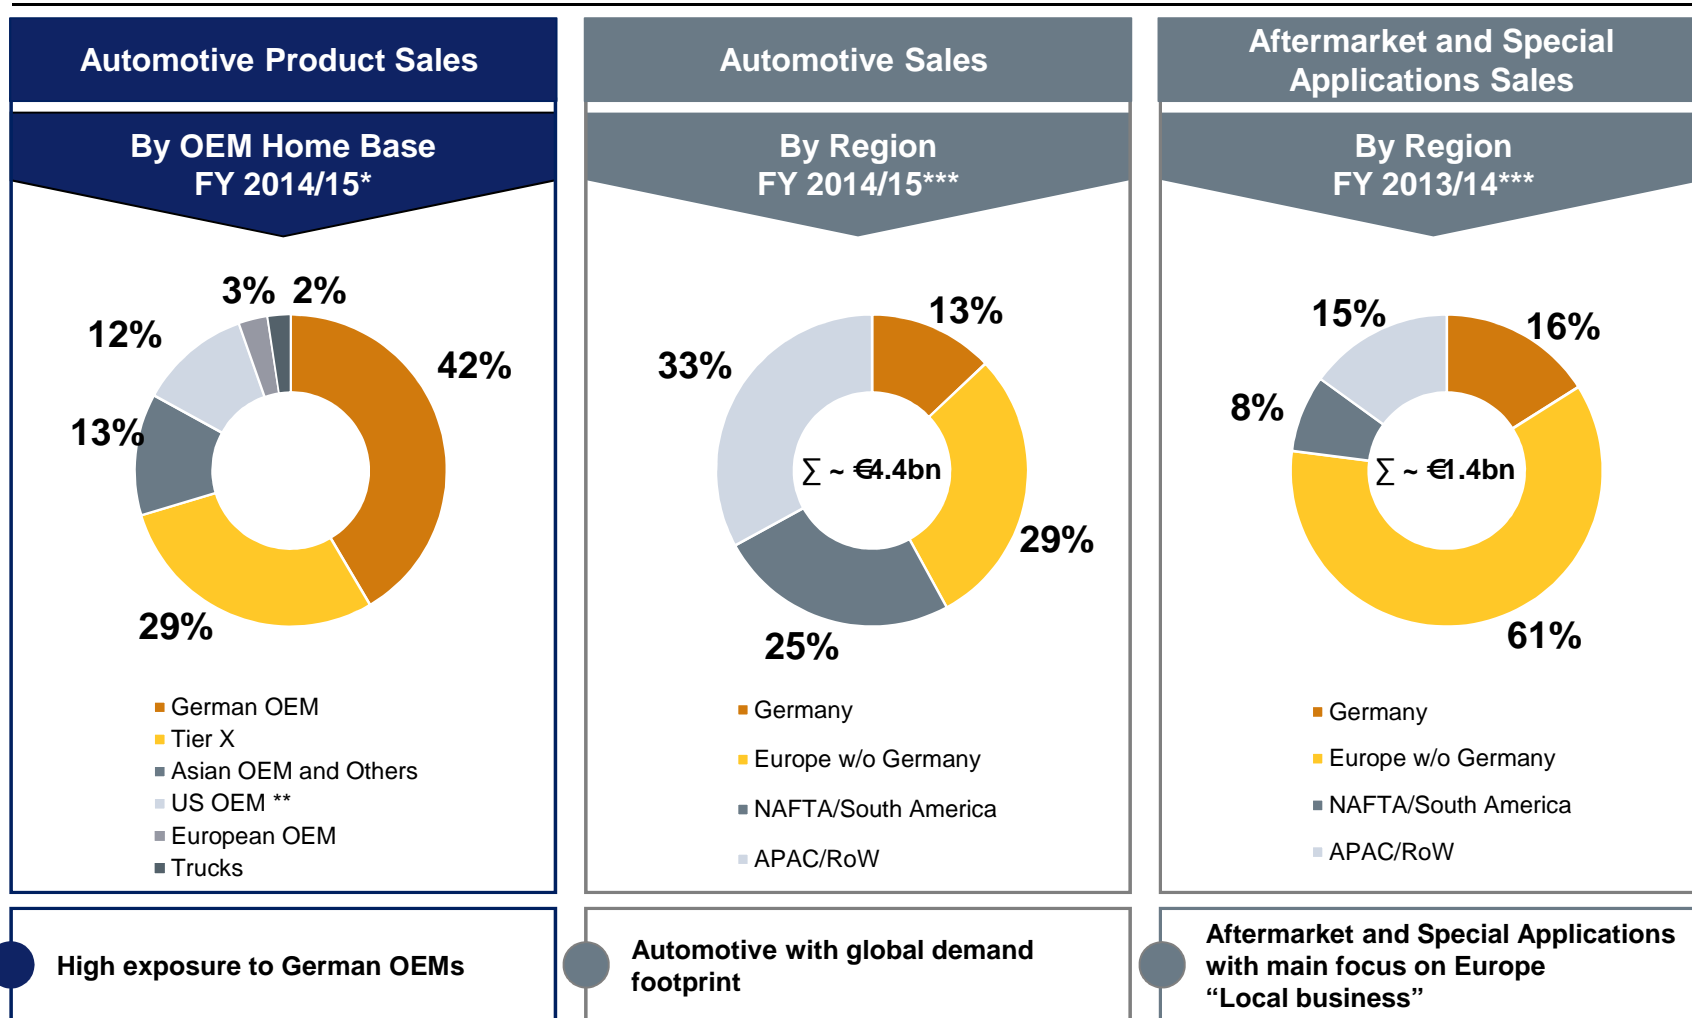

Automotive electronics **experienced rapid innovation process**

Innovations shifting from single, standalone solutions to **complex system or module innovations**

HELLA is well positioned to benefit from the fundamental market trends in the future

Market trends		Lighting (selected products)	Electronics (selected products)
Environment/ Efficiency 	Energy efficiency Fuel System and Energy Management technologies for ICE & PHEV powertrains Efficient lighting technologies like LED	 Matrix-LED Headlight	 LED Rear lamp  48V DC/DC Converter  Cooling Valve Actuator
Safety 	Driver safety / automated driving Light based assistance systems and optimal illumination Sensors for detection of the driving environment	 HD headlamps systems (Advanced Front-Lighting)	 24 GHz Rear radar  77GHz Front radar
Styling  Comfort 	Styling and comfort Optical elements for individual styling with LED or OLED lighting technology Enhanced personalization and interactions (vehicle to environment) Individualized and designed parts	 LED Styling Headlight  OLED Rear lamp  Ambient Interior Lighting	 Design-driven Remote keys  Structural Health Sensor  BCM
Unique combination of competence set in advanced electronics and lighting technologies			

HELLA is well positioned with attractive client mix and regional exposure

* Automotive sales excl. non-product sales, e.g. customer reimbursements ** Thereof ~30% with Europe-based production locations *** External sales volume, not including inter-segment sales

Broad automotive product portfolio in strong growing areas

Market growth, CAGR 2014 - 2019E

Hella products (examples)

Full-LED headlamps and rear lamps
OLED rear lamps
Engine Compartment Actuators (waste gate, TAS, TOS)
Rear applications
DC/DC converter
Intelligent battery sensors

Hybrid rear lamps
Interior lighting systems
Vacuum pumps
Radio transmitter keys

Small lamps (e.g. fog, CHMSL, side turn indicator)
Electrical power steering
Accelerator pedal sensors
Body control modules

HELLA with clear strategic focus on **areas that show attractive growth potential** (emission reduction, safety increase)

Electronic components projected to substantially benefit from **higher electronic content** in future cars
Multiple **innovative products** already on the market and innovations to come from current **pipeline**

Source: External market study commissioned by HELLA (2014), HELLA analysis

HELLA's automotive portfolio has outperformed the market by 600bsp, acceleration to >900bsp in the last 3 years

HELLA market outperformance in Automotive

Sources of growth by business divisions

Automotive Lighting

HELLA one of the **technology leaders** in LED with competence set in Light Based Assistance Systems

Next development steps in lighting solutions and **LED penetration** strong organic growth drivers

HELLA **solutions** played **key role in automotive progress** since decades

Automotive Electronics

Well positioned in **automotive trends** energy efficiency and automated driving

*Global Light Vehicle Production; ** CAGR Automotive segment only (external sales) including FX

Aftermarket and Special OE will contribute to growth and profitability

HELLA's positioning for future growth

Source: External market study commissioned by HELLA (2014), HELLA analysis
 *Wholesale includes DN, PL, NOR, Garage diagnostics DACH, ** expected 5-years CAGR

HELLA in market leadership positions¹

Leadership in European Aftermarket
1-3 in IAM, WD, and diagnostic systems
 HELLA Aftermarket generating **structurally slower but stable growth**
Stable cash flow generation by HELLA Aftermarket
 Future market discontinuities
 Consolidation
 Digitalization
 Changing customer preferences

Leadership in Special OE
1 in Special OE Lighting Europe
 The transfer of competence offers opportunities like **LEDification**
 Importance of generating **critical business sizes**

1) All figures related to selected markets and product categories based on HELLA's portfolio, as covered in the market study

Unique Aftermarket positioning in the value chain to capture opportunities of new market trends

Unique position

IAM
Customer proximity and high distribution power together with core product competences as OE supplier

A

Wholesale

Strong network concept that integrates HELLA wholesalers to achieve scale benefits

B

Garage

Portfolio development tailored to meet market requirements and technological trends

C

Strategic focus

Optimization and increase of current portfolio
Additional potential through clearly defined portfolio competence
Improvement of customer access

Completion of NORDIC FORUM organization to utilize synergies and economies of scales
Selected share increase and acquisitions
Use UCANDO as digital asset

Integration of HELLA Gutmann into HELLA network
Systematic use of HELLA Gutmann data and diagnostic competence
Offer advanced high tech products and technologies

Key trends

Consolidation and new players

Wholesale consolidation and professionalization at wholesale and garage level
Influence of intermediaries
Low cost parts suppliers entering market

Digitalization

New online business channels and interfaces
Big data and comparability of offering

Changing customer preferences

E-mobility and autonomous driving need highly sophisticated products and garages
Less importance of car and need for more efficient repairs

HELLA's stable IAM business is well positioned for future key market trends

A

HELLA historic growth path

EUR millions

Levers for execution of growth strategy

Achieve sales growth through **portfolio competence** and a **portfolio roll-out** in all local entities

OE production

Qualified IAM production

Re-packaging

Increase share of HELLA products at core European customers. Improve customer access

International KAM-structure

Key account improvements

Closure of regional distributions gaps

Maintain competitiveness through **cost optimization**

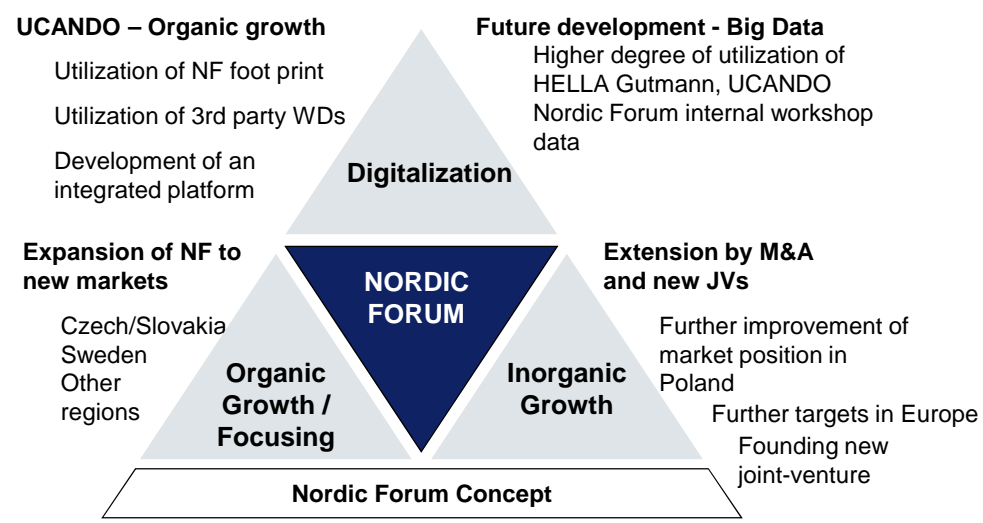

Explore **e-Commerce** opportunities

HELLA's wholesale business participates in European consolidation and digitalization

B

NORDIC FORUM integrated concept

Levers for execution of growth strategy

- Further **optimization of procurement**
- Further harmonization of IT
- Ramp-up and **expansion of digitalization** strategy with e-commerce (B2C)
- Developing and testing the **digitalization strategy for B2B2C** (Integrated Services Platform)
- Inorganic expansion**

Historical growth path

Takeover of **100% shares** in **INTER-TEAM** and **FTZ** in September and November 2015

Workshop business with pivotal role for buying process based on high tech offering and competences

C

HELLA Gutmann positioning

Development from **diagnostics provider to repair and maintenance specialist** for high tech workshop products

Generation, analysis and usage of **“Big Data”** in new business fields

Premium provider of **workshop solutions, diagnostic tools** and **garage equipment**

Workshop proximity enables **technical services** for HGS and whole HELLA IAM organization

High tech offering based on diagnostic competence (camera systems, radar, exhaust systems)

Market & trends

- E-mobility and autonomous driving
- Car-sharing solutions
- Less importance of car

- Increasing complexity, functionality and interfaces in modern cars
- Steering of customers/ drivers and related parts' purchase by OEMs, IAM & Intermediates

Historical growth path

EUR millions

High tech product portfolio and service offering

Repair Concepts

- DIAGNOSIS
- SOFTWARE SOLUTIONS
- TECHNICAL DATA
- HAND TOOLS

Calibration & Alignment

- CAMERA SYSTEMS
- RADAR SENSORS
- HEADLIGHTS
- TIRES

Testing & Analysis

- EXHAUST SYSTEMS
- AIR CONDITIONING
- BATTERY SYSTEMS
- LEAKS

Unique high tech workshop competence

Growth path for HELLA's Special OE segment to be strengthened by clear product and market strategy

Areas

Strategic direction

Drive **LEDfication**

Drive advantage of **synergies with automotive sector**

Customized / semi-customized headlamp solutions with **innovative technology**

Push technology upgrade growth with E/E off-the-shelf

Leverage lighting customer base to develop **electronic product portfolio**

Local portfolios for emerging markets

Parts of business to be analyzed if **competitive size is achievable**

Historical growth path

EUR millions

HELLA is well positioned to outperform the market in the future

Historical performance

Track record of long term market outperformance

Existing position

Strong competitive positions

Attractive market segments

Technological leadership

Concept for future growth

System competence in **Lighting** and **Electronics** to participate in fundamental market trends

Products for the **reduction of CO2 emissions** and increase of **energy efficiency**

Product for **prevention of accidents**

Products for higher **individualization** and **personalization**

Products for **comfortable convenient driving**

Aftermarket business is well positioned to capture major key trends (consolidation, digitalization and change in customer preferences)

Special Applications business pushed by extended product-market strategy

HELLA – BHL Deutschlandkonferenz April 2016

Agenda

HELLA's Strategic Growth Path

Financial Overview FY 2011/12 - FY 2014/15

Results 9 months FY 15/16

Track record of steady growth across the cycle and resilience of business model

HELLA GROUP sales* in EURbn

Sustainable long term growth across the cycle during the last ten years with a clear focus on organic growth (CAGR of 6.5% p.a. since FY 2004/05)

Targeted growth trend continued

Organic growth of the HELLA GROUP **outperformed** the automotive market by **>5%-points** in the **last 3 years**

Automotive*

Aftermarket*

Resilient business model with stable cash flow generation through strong share of aftermarket business

*Cumulated Annual Growth Rate; sales as reported w/o adjustments for consolidation or accounting changes

Competitive Gross Profit margin and mid-term EBIT margin potential

% sales

Gross Profit margin

Improvement of GP margin achieved

Improvement driven by **innovative product portfolio** and **operational excellence (LiON)**

Deviations from +/- 27% driven by **segment mix, one-offs** and **new launches** in high tech products

Launch support especially in H1 FY15/16

Gross Profit margin level ~27% regarded as industry competitive

EBIT margin

Improvement of adj. EBIT margin achieved

EBIT reduction in FY 12/13 due to investment into future growth and globalization platform (e.g. increased R&D expenses)

Scale effects and **increased efficiency** on structural costs drive margin

FY15/16 affected by ramp-up expenses

Over the cycle, mid to long-term adjusted EBIT margin of ~8% feasible

Continued high R&D as basis for future growth

EUR millions and % sales

R&D

Strong focus on innovations

Significant R&D investments in previous years set the basis for **strong top line future growth**

Build-up of **local know-how**, high investment in **new technologies** (basic research), increased product complexity and **new product categories** (e.g. radar) drove recent expenses

Continuous high R&D spending to maintain technology leadership position

R&D ratio

Balance between investments and efficiency

Higher ratio compared to peers underpins **innovation track record**

Recent and future R&D ratio improvement by **ongoing efficiency-increases** of teams and scale effects

Roll-out of **high tech products**

Ratio itself no optimization target

Mid to long-term reduction <9% feasible

Proven ability to manage costs

EUR millions and % sales

Admin expenses

Dedicated improvement programs set-up

Investments in global corporate center network ensure lean administrative processes

In FY 15/16 further spendings on employee qualification, infrastructure and implementation of standards

Continued focus on global structure to ensure competitiveness

Admin ratio

Performance oriented organization

Efficiency gains through re-location (incl. temporary double-functions) to best cost countries and shared service centers improved OTD and TTM processes

Continuous optimization through operational excellence improvement initiatives (e.g. LiON)

Short term constant ratio expected

Process improvements and scale effects drive ratio, long term reduction possible

Proven ability to manage costs

EUR millions and % sales

Distribution expenses

Under-proportional increase of variable costs

- Global aftermarket network main cost driver
- IAM distribution network and European wholesale network extended
- Ongoing improvements monitored e.g. reduction of overhead functions in sales companies, optimized logistics concept

Development of costs well on track

Distribution expense ratio

Improvements of ratio achieved

- Higher ratio compared to peers due to high aftermarket share
- Investments in global distribution network until FY12/13
- Ratio reduced by efficiencies gains and declining aftermarket business
- Currently increased investments in e-commerce platform

Short to mid-term optimization potential limited

Continuous measure generation to facilitate operating leverage

	Main achievements	Continuous challenges	Actions
Lighting	<ul style="list-style-type: none"> Production network optimized Regular design-to-cost workshops during development phase 	<ul style="list-style-type: none"> Roll out complex (LED) projects: HR qualifications, production process, quality of components, supplier certification Reduction of non-quality expenses 	<ul style="list-style-type: none"> Local support from technology hubs Thorough enforcement of improvement programs Implement recent "Lessons-learned" Improve efficiency in supply chain and own value added Improve key account organization Improve customer penetration Investments in HR base HR talent review Strengthening 2nd mgmt. level
Electronics	<ul style="list-style-type: none"> Global development network established, optimized and extended Multiple sourcing strategy implemented 	<ul style="list-style-type: none"> Global competitive TtM organization 	
Aftermarket & Special Applications	<ul style="list-style-type: none"> Overhead functions reduced with optimized logistics for sales comps Low-cost production in Romania 	<ul style="list-style-type: none"> Further harmonization of NORDIC FORUM (e.g. reporting, IT, procurement), strengthen structures Leverage of inventories 	
Corporate	<ul style="list-style-type: none"> Corporate center structure established Overhead functions reduced 	<ul style="list-style-type: none"> Qualification of employees to enable complex production & quality monitoring Increase efficiency of corporate center structure Address highly qualified people 	

Clearly directed investments and active Working Capital management

EUR millions and % sales

Working Capital

Revenue growth, expansion and active management drive WC

- Regional expansion to Asia (increase in receivables)
- Inventory mainly tied to efforts to improve product availability in Aftermarket (increase inventories)
- Currency effects influence WC
- Continuing optimization programs in logistics in place

Net CAPEX

Net CAPEX down after globalization

- Increase in capex in FY12/13 to significant investments in global footprint
- Continuous investments in customer-specific equipment with increased product complexity needed
- Reimbursements around 130 mill. EUR ease need for CAPEX

Net CAPEX ratio around 7% needed to facilitate organic growth

Strong cash flow and ROIC improvement achieved after globalization

EUR millions and % IC

Operative CF

After FY11/12 consistent improvement

FY12/13 influenced by high CAPEX as part of the strategic growth program as well as build-up of inventories driven by higher sales and higher expenses in key technologies and innovations

Increase driven by profitable top-line growth and under-proportional increase of cash-effective working capital

FY15/16 will be affected by supplier case

Increase in line with expectations

ROIC

ROIC implemented as KPI

HELLA employs Return on Invested Capital (ROIC) as a further performance indicator in FY 2012/13

ROIC improvement to 17.3% due to increased operating leverage

Increasing capital efficiency during the last 2 years

*Operative Cash Flow before dividends and net capital expenditure on financial assets or shares in associates (excluding cash restructuring payments)

**Before reclassification of income from securities and net other financial income/expenses

Capital structure provides flexibility for the long-term growth

Solid capital structure

Net debt/
EBITDA

Cash & assets

Debt and maturity profile*, EUR millions

Additional Revolving Credit (2015) (1+1+5) of EUR 450m with 10 core banks as back-up facility

Strategic flexibility

HELLA has a stable and solid financial fundament which forms the basis for its future strategic plans

Prudent financial policy throughout the cycle

Financing of long-term growth strategy

Acquisition firepower

Capital-market-oriented capital structure

Good liquidity profile and consistent liquidity management

EUR 87m dividends (0.77EUR/share) paid September 2015

* As of May, 2015; Euro bond I: 1.15%, Euro bond II: 2.375%, Aflac bonds hedged values **Mostly short-term

HELLA – BHL Deutschlandkonferenz April 2016

Agenda

HELLA's Strategic Growth Path

Financial Overview FY 2011/12 - FY 2014/15

Results 9 months FY 15/16

HELLA Group Key Achievements

Financial Highlights 9 months 2015/16

FINANCIAL HIGHLIGHTS

Sales

HELLA Group sales up 10.3% YoY to 4.7 bill. EUR, thereof 2.4%-points FX effects (mainly USD and CNY)

Third party sales development per segment compared to previous year:

- **Automotive: +11.0%** driven by **product launches** in innovative **LED technologies** and electronic components for **industry megatrends**
- **Aftermarket: +7.1%** driven by positive development of **independent aftermarket in Europe** as well as **positive** wholesale (**Nordic Forum**) and **workshop equipment business** with demand for **high-end diagnose** and **camera calibration tools**
- **Special Applications: +2.0%** driven by **stabilization** in the **agricultural**, still under pre-crisis level

Profitability

Gross Profit margin at 26.6% (-0.4%-points YoY) due to **supplier default**, excluding one-offs margin at **27.2% (+0.2%-points YoY)** due to continued productivity gains in automotive and decreasing launch costs for new technologies mainly in Eastern Europe

Structural cost development without major impact on 9 months profitability: **R&D cost ratio remained at 9.6%**. **Distribution and administrative expenses -0.1%-points YoY** each. R&D absolute increase due to developing costs for newly acquired business and investments in the international R&D network

EBIT at 290 mill. EUR (- 20 mill. EUR), EBIT margin at 6.2% (-1.1%-points YoY)

Adj. EBIT at 345 mill. EUR, adj. EBIT margin at 7.4%

Liquidity

Operative Cash Flow at 35 mill. EUR compared to -19 mill. EUR 9 months FY14/15

HELLA Group Key Achievements

Sales – Outperforming the market in the first 9 months of FY 2015/16

New passenger car registrations (in millions)

HELLA revenue² (in EUR millions)

HELLA Group outperforms market by 6%-points

Source: HELLA; VDA Research 1. Approximation including only most important markets; 2. Regional market coverage by end customers

HELLA Group Key Achievements

P&L (I) – 9 months 2014/15 to 9 months 2015/16

EUR millions and % sales

Gross Profit and adj.* Gross Profit

Gross Profit 9 months FY 15/16 increased by **98 mill. EUR** (+9%) to **1,237 mill. EUR** after deduction of 27 mill. EUR one-off expenses for the supplier default

Excluding supplier default, Gross Profit increased by **125 mill EUR** (+11%) to **1,264 mill. EUR**

Extraordinary expenses for supplier default increased **COGS** by 24 mill EUR in Q1 FY 15/16, by 3 mill. EUR in Q2 FY 15/16, **no effect in Q3 FY15/16**

Margins

Excluding supplier default, the **Gross Profit margin** improved by 0.2%-points to **27.2%** driven by

- **increased productivity** in the automotive segment and contrarily
- **decreasing launch cost** for new high-tech products mainly in EE
- **positive product mix** in Automotive, Aftermarket and SOE segment

Including charges for supplier default **GPM** decreased by 0.4%-points YoY

*adjusted for one-off charges for supplier default

HELLA Group Key Achievements

P&L (II) – 9 months 2014/15 to 9 months 2015/16, R&D expenses

EUR millions and % sales

R&D ratio 9 months FY15/16 stable at 9.6% driven by **increase of ratio in Q3 FY15/16 by 0.7pp to 10.5%** after over-proportional increase in absolute development costs

Absolute R&D expenses increased **9 months FY 15/16** by 43 mill. EUR to **449 mill. EUR**, in **Q3 FY 15/16** by 21 mill. EUR to **157 mill. EUR**

Newly acquired businesses need more development efforts than expected as **international R&D network is not as its targeted efficiency level**

Absolute increase driven by strategic growth projects in automotive electronics esp. energy management/fuel efficiency, EPS, automated driving (radar) and in automotive lighting due to big project wins in complex LED technologies

HELLA Group Key Achievements

P&L (III) – 9 months 2014/15 to 9 months 2015/16

Administrative (in mill. EUR, % of sales)

Distribution (in mill. EUR, % of sales)

JV income (in mill. EUR, % of sales)

Comment

9 months FY15/16 ratio decreased by 0.1%-points to 3.3% driven by **strong top line growth** compared to 9 months previous year

Q3 FY15/16 ratio remained at 3.4% driven by **weaker top line growth** compared to Q3 previous year, **absolute expenses increased by 3 mill. EUR to 50 mill. EUR**

Absolute administrative expenses with a rather stable development. Increase by 12 mill. EUR to **154 mill. EUR** due to **growth-related investments** in corporate functions

9 months FY15/16 ratio decreased by 0.1%-points to 7.8% driven by **strong top line growth** compared to 9 months previous year

Q3 FY15/16 ratio increased by 0.1%-points to 8.1% driven by **weaker top line growth** compared to Q3 previous year, **absolute expenses increased by 9 mill. EUR to 121 mill. EUR**

Absolute distribution expenses increased by 31 mill. EUR to **365 mill. EUR** due to higher Aftermarket sales and **ramp-up of e-commerce** as well higher rental and transport costs in Eastern Europe due to **increased level of operations**

9 months FY15/16 ratio decreased by 0.4%-points to 0.7%. Decline in absolute contribution by 14 mill EUR to **33 mill. EUR** due to **high comparable basis** FY15/16, **additional tax-burden** and **weaker Asian markets**

Q3 FY15/16 ratio decreased by 0.8%-points to 0.6% after absolute decline by 10 mill. EUR to **9 mill EUR**. Decline driven by **one-offs** (~5 mill EUR) and **operational weakness** in Asia.

HELLA Group Key Achievements

P&L (III) – 9 months 2014/15 to 9 months 2015/16

EUR millions and % sales

EBIT and adj. EBIT

Adjusted EBIT (excluding restructuring costs and cost for supplier default) increased by 27 mill. EUR (9%) to **345 mill. EUR**

Supplier failure in China leads to one-off charges of **47 mill. EUR**

EBIT decreased by 20 mill EUR (6%) to **290 mill. EUR**

Restructuring expenses 9 months FY 15/16 of **8 mill. EUR** (-0.2 mill. EUR YoY)

Margins

Adjusted EBIT margin decreased by **0.1%-points** to **7.4%** in 9 months FY15/16 due to **decrease in JV contribution by 0.4%-points**

EBIT margin decreased by **1.0%-points** to **6.2%** mainly driven by **supplier default**

HELLA Group Key Achievements

Operative CF - 9 months 2014/15 to 9 months 2015/16

EUR millions and cash conversion ratio**

OCF

Operative CF* increased by 54 mill. EUR to 35 mill. EUR

Cash settlements for restructurings of 12 mill. EUR (31 mill. EUR in FY 14/15) and **34 mill. EUR cash out for supplier default** are **excluded**

Lower working capital consumption compared to FY 14/15, mainly due to longer payment terms and temporarily delayed payments, partly reduced in Q3

20 mill. EUR increase in receivables due to **reduced factoring program**

OCF / adj. EBIT

Cash conversion ratio** increased by 16.2%-points to **10.2%**

Increase in line with expectations due to profitable top-line growth and lower working capital increase

* Operative Cash Flow before dividends and net capital expenditure on financial assets or shares in associates (excluding cash restructuring payments and one-off effect from supplier default)

**Operative Cash Flow / adj. EBIT (excl. restructuring costs and one-off effect from supplier default)

HELLA Group Key Achievements

Segment Highlights – 9 months 2014/15 to 9 months 2015/16

Automotive*

Strong demand for innovative electronics and lighting products based on megatrends

Positive demand in Europe, NAFTA and in China

Roll-out of complex products with LED technology still affects margin

Non-recurring charges after supplier failure decrease EBIT by 47 mill. EUR

* External sales

** Supplier failure effect; 7.9% margin ex. supplier failure

Aftermarket*

Independent aftermarket catching up after market recovery

Positive demand for high-end diagnose and camera calibration tools

Higher EBIT margin due to positive product mix and increasing sales

Special Applications*

Positive product mix in SOE with increasing sales

Stabilization in the agricultural sector, still under pre-crisis level

Reduced industry sales and EBIT contribution

HELLA Group Key Achievements

Quarterly Comparison – Q3 FY 15/16 vs. Q3 FY 14/15

Quarterly comparison of limited relevance

* Excluding FX

**New Car Registrations according to HELLA fiscal year, does not include all regions due to limited data availability, source: VDA, HELLA analysis

***Third party sales only

HELLA Group Key Achievements

Quarterly Comparison – 9 months 2015/16

	Q1 FY 15/16	Q2 FY 15/16	Q3 FY 15/16	9M FY 15/16
GROUP organic sales growth*(YoY)	9.5%	8.0%	6.5%	7.9%
FX (YoY)	4.0%	2.3%	0.9%	2.4%
GROUP Sales growth (YoY)	13.5%	10.3%	7.4%	10.3%

Outlook

Company specific outlook FY 2015/16

Presuming no serious economic turmoil, we assume a further positive development of the operative HELLA business, however a decline in EBIT due to one-off charges in the FY 2015/16:

	<u>Guidance</u>	<u>Comment</u>
Sales	Growth in medium to high one-digit percentage range	Sales still expected to grow in the middle to high single-digit percentage range over the full financial year
One-off charges (supplier failure)	47 mill. EUR	Already booked in 9 months FY 15/16, no further burden in Q4
EBIT	Below previous year	Drag on EBIT due to supplier default cannot be offset by strong sales development. EBIT margin will decrease relative to the prior year
EBIT adjusted by one-offs for supplier default	Mid to high single-digit percentage growth	No change in guidance without supplier case (as stated in Q1 & Q2)
