HELLA HORNS**

HELLA MEANS BUSINESS!

HELLA KGaA Hueck & Co. was founded in Germany in 1899. Today HELLA is one of the top forty automotive suppliers in the world, and is listed as one of the 100 largest German industrial companies. HELLA employs more than 32,000 employees at over 100 locations across 35 countries and with more than 6,000 employees working in Research & Development, HELLA is a key innovator and partner to the world's leading Original Equipment manufacturers.

HELLA Automotive South Africa (Pty) Ltd is based in Uitenhage in the Eastern Cape which is considered the automotive epicentre of South Africa. The organisation has access to the complete HELLA product portfolio, joint ventures and partners and is able to offer in excess of 60,000 product items.

We are able to support numerous industry sectors including Automotive, Agriculture Commercial Vehicle, Construction, Emergency Service, Marine, Mining and Municipal, and our national sales team are there to assist our customers by offering sales, marketing, training and technical support.

The advantages of buying from HELLA South Africa are clear, giving our customers access to:

- Brands that are well known and respected;
- Real product expertise, that only an OE manufacturer can offer;
- The latest innovative products and technologies;
- Leading Technical Support and Training;
- Sales and Marketing support to help grow your business;
- Lighting designs across all industry sectors;

More than 60,000 quality parts and tools offering:

- High performance – output and life;
- Easy to install – exact replacements;
- Fit & Forget – fewer returns and warranty issues;
- Longer Life – more durable, reliable parts;
- First to market – straight from OE production sites;
- Life time value – longer lasting, reducing vehicle downtime

HELLA HORNS

With over 100 years of expertise working with leading German automotive brands, we know what defines performance. Be assured of satisfaction as each HELLA horn is individually tuned to deliver optimal sound performance.

HELLA horns are engineered by German precision technology. Our products are fitted to leading car brands, the best in the industry. You can be assured that every HELLA horn is of the utmost quality, providing you with the confidence that you are getting the most out of our products.

Choose from a wide selection of HELLA horns, each offers a different tone to suit your needs. This ranges from the harmonious tone of the trumpet horns, the power blast of the super tone horns, to the rich tone of the disc horns
