

HELLA E-Charging Cable Powerful, compatible, durable.

- High level of compatibility and vehicle coverage
- Robust design for durability and user-friendly application
- Protection from weather and dirt thanks to firmly attached protective caps
- Easy transport and safe storage due to handy carrying bag

The variety of HELLA charging cables available offers the best possible flexibility with the charging performance and area of application. Whether used privately in the home, semi-publicly, e.g. at the workplace, or in public, HELLA charging cables are compatible with all plug-in hybrids and fully electric cars with a Type 2 or CCS2 plug-in system.
