

HELLA Marine at METSTRADE Show 2019

- **Extensive range of lighting systems and electronics for boats and vessels**
- **New product releases like EuroLED 75 Dual Colour Downlights**
- **Particular focus on navigation lamps**

Nieuwegein, 18 November 2019. HELLA Marine will take part at the METSTRADE Show at the Exhibition and Congress Centre RAI Amsterdam, from 19 to 21 November 2019 and present an extensive range of lighting systems and electronics for boats and vessels (Hall 1, Stand 01.367). These range includes for example the new EuroLED 75 Dual Colour Downlights, powerful HypaLUME work lamp and the NaviLED 360 PRO all round navigation lamps.

At this year's METSTRADE Show, HELLA Marine is placing a particular focus on the reliable and durable navigation lights. The high-precision optics provide an optimal horizontal and vertical distribution of the light according to international standards and the cut-off angles are ultra precise, so that a vessel's movement and heading can be clearly identified.

In addition, stylish interior lights, powerful LED floodlights and electronic equipment elements for boats and vessels will also be on display. The HELLA Marine team is present to explain the latest releases and to respond to individual requirements.
