Please note

Please always observe the maintenance and repair notes provided by the vehicle manufacturer when carrying out such work and checks!

Safety information for hybrid/electric vehicles!

Work on electric vehicles may only be carried out by persons who have been instructed in electrical engineering and who are appropriately qualified.

Improper handling may lead to life-threatening situations. Each country's specific laws and regulations regarding work on high-voltage systems must be strictly observed.

This fault pattern may also occur in other vehicle models with comparable equipment variants.

obtained in writing beforehand and the source is stated.
