

Opel Corsa B - Onrustig lopende motor tijdens het rijden, Onregelmatig stationair toerental | HELLA

Opel

Opel Corsa B

Motorcode: X12XE (1997 tot en met 2000)

Onrustig lopende motor tijdens het rijden,

Onrustig lopende motor tijdens het rijden,

Onregelmatig stationair toerental.

Wordt de bovenstaande storing gemeld, kan een defecte stationairregeling/stationairsteller (afbeelding 2) hiervan de oorzaak zijn. De volgende klachten kunnen worden vastgesteld:

- Geen constant stationair toerental (+/- 100 omw/min).
- Stationair onrustig lopende motor.
- Motor accelereert niet goed.
- Onregelmatig lopende motor bij loslaten van gaspedaal.
