

Opel Corsa-C - Engine is not running true | HELLA

Opel

Model year 2004 to 2007

Engine 1.7 L CDTI, engine code Z17DTH

Engine is not running true

If a customer complains about the above problem, this could be caused by dirt in the dosing unit. There may also be complaints of difficulty starting or the engine stalling. When reading out the error code you may find code P0190 (ramp pressure out of range). In this case, proceed as follows:

Important safety note
