

Product information - BMW brake pads | HELLA

Product information

BMW brake pads

8DB 355 012-321 / 8DB 355 015-601

Due to a change in the serial equipment carried out by the vehicle manufacturer BMW, the following article allocation has been adapted as described in the following.

Brake pad 8DB 355 012-321 / T1596 will be replaced by brake pad 8DB 355 015-601 / T2029.

Vehicle allocation

8DB 355 015-601 / T2029

Please observe the respective product allocations in the catalog.

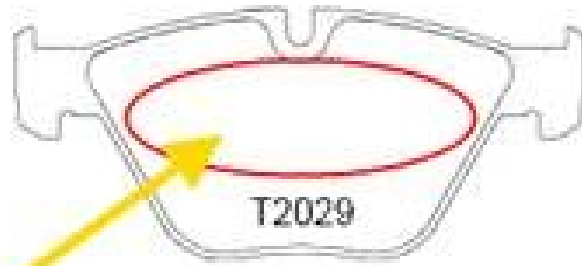

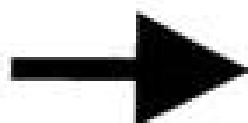

Mounting instructions

E84, E89, E90, E91, E92, E93

The difference between both brake pads is the missing retaining spring (A) on the brake pad 8DB 355 015-601 / T2029 on the first side. The missing retaining spring does not have any influence on the comfort conduct of the brake pad.

8DB 355 012-321 (old)

8DB 355 015-601 (new)

A
