Replacing Washer Jets

The following spare parts are required for replacements:

- OE no. right 13408115
- OE no. left 13408116

Proceed as follows to replace the washer jets:

- Turn off ignition
- Open the hood
- Remove rubber seal (Figure 1)
- Undo the holding clips (Figures 2 and 3)
- Push the washer jets down and out of the holder (Figure 4)
- Detach the old washer jets from the hoses (Figure 5)
- Turn the circlip (see red arrow in Figure 5) and disconnect the hose fitting
- Install the new washer jets in reverse order.
- Test the spray pattern and adjust the washer jets if required

OE no. right 13408115

OE no. left 13408116
